language and man anthropological issues In any given society, a taboo is an implicit prohibition on something (usually against an utterance or behavior) based on a cultural sense that it is excessively repulsive or, perhaps, too sacred for ordinary people. Such prohibitions are present in virtually all societies. On a comparative basis taboos, for example related to food items, seem to make no sense at all as what may be declared ...

language and man anthropological issues Anthropology is the study of human beings. (In Greek "Anthropos-" means "human", and "-logy" means "study of".) Anthropology is a biological and historical social science that helps us learn how groups of people are the same, and how they are different in all parts of the world. Anthropologists do research in many places and study how people live now and how they may have lived in the past ...
